- Instructed to represent the Claimant in a living mesothelioma case which included representing him at a deposition hearing.
- Obtained permission to appeal from the Court of Appeal in respect of a judgment dismissing a claim arising out of alleged breaches by the Defendant of the Health and Safety (Display Screen Equipment) Regulations 1992 in respect of the Claimant's employment on the radar stations at a sea port. The claim subsequently settled.

- Represented the Claimant at various interlocutory hearings in the High Court in a catastrophic neurotrauma case. The Claimant was a highly successful hairdresser and fashion photographer who lost his career.
